CORE SKILLS

Data Analytics - advanced Excel, spreadsheets, data wrangling, big data transformation, people analytics (ADP), QA checks, data integrity, reconciliation, PDF / spreadsheet processing and visualization.

Financial & Operational Reporting – QuickBooks, revenue forecasting and analytics, billing analysis, KPI reporting, invoice generation, variance analysis, bookkeeping, reconciliation, financial / statistical modeling.

Consulting Strengths - stakeholder communication, requirements gathering, documentation, data-quality audits, workflow mapping, insight storytelling, deadline management.

PROFESSIONAL EXPERIENCE

Independent Consultant | New York, NY | 2024 – Present

Assistant Director, Data Efficiency | Healthcare | 2025 - 2026

- Saved 100+ hours per month for small- and midsize-business leaders by providing essential reports and delivering decision-ready data and financial insights with precision and accuracy.
- Mapped, transformed, and owned multiple data pipelines, including admissions, billing, insurance claims, CRM, ADP, verification of benefits, medical audits, and healthcare research.
- Built and maintained daily, weekly, and monthly and Excel-based reporting workflows that transformed raw operational, clinical, billing, scheduling, and CRM data into leadership-ready deliverables.
- Created financial and operational reports that improved visibility into \$7M+ revenue-cycle activity, admissions performance, and service activity across 4 departments, strengthening accountability.
- Audited and reconciled 45,000+ billing and clinical records across operational systems to identify missing documentation flags, provider-attribution issues, and data-quality risks.
- Automated recurring manual reporting processes using proprietary structured data templates to improve speed, consistency, and accuracy, reducing manual report-production time from 2 weeks to under 1 week.

FP&A Manager | Seasonal Tourism | 2025

- Translated technical findings into clear summaries, charts, spreadsheets, and executive-facing narratives for nontechnical stakeholders.
- Managed disputes, calculated sales commission compensation payouts, and reconciled \$10M+ revenue from 500,000+ unique transactions, including company's commission payroll encompassing 20 employees.

Senior Associate | Consulting | 2024 - 2025

- Applied text analysis, clustering, PDF extraction, spreadsheet processing, and visualization methods across hundreds of files to turn unstructured and semi-structured data into usable business insights.
- Built strategic business frameworks for consultants and Blackstone's workstreams (private equity).

Chief of Staff MBA Intern | J Fab Consulting | Pittsburgh, PA | 2023

- Partnered with a consultant on an L.M. Colker project that applied the founder's Six Sigma methods.

Operations Lead | Forge Trust Co. | San Francisco, CA | 2017 - 2022

- Transitioned with team, including CEO, from PENSICO Trust to Forge Trust. PENSICO Trust was acquired by Opus Bank. Previously served as the Accounting and Finance Staff at PENSICO Trust.
- Reduced outstanding valuation queue from 3,000+ to fewer than 300 by inventing and implementing a mechanism design-based incentive system, enhancing team productivity via quantitative analysis with Microsoft Excel, and delivering actionable insights that drove strategic business development.
- Provided training, guidance, and mentorship to 5 direct reports while demonstrating an empathetic leadership style and effective interpersonal communication through onboarding, weekly meetings, and quality control sessions. Led a Fintech team of 4 employees responsible for \$13B in assets under custody (AUC) valuations, including private equity, real estate, and promissory notes assets.

EDUCATION

STEM MBA | Carnegie Mellon University | Aug 2022 – May 2024 | Pittsburgh, PA (Full-time)

Bachelor of Economics | Sacramento State University | Sep 2009 – Dec 2015 | Sacramento, CA (Full-time)
